## UNI-FLO INDUSTRIAL PATTERN GATE VALVE

Non Rising Spindle

Rising Spindle

### DESCRIPTION

- Available with rising or non-rising stem
- Face to Face to BS3464
- Pressure Rating: 10bar
- Maximum Working Temperature: 100°C
- Available flange drilling: BS10 Table D or BS4504 Table 10

### DIMENSIONS

| DN  | L   | D   | H   | H1   | W   |
|-----|-----|-----|-----|------|-----|
| 50  | 146 | 165 | 252 | 315  | 165 |
| 65  | 159 | 185 | 270 | 345  | 165 |
| 80  | 165 | 200 | 308 | 392  | 165 |
| 100 | 171 | 220 | 367 | 483  | 242 |
| 125 | 190 | 250 | 433 | 569  | 266 |
| 150 | 210 | 285 | 486 | 630  | 345 |
| 200 | 241 | 340 | 588 | 777  | 345 |
| 250 | 273 | 405 | 697 | 909  | 376 |
| 300 | 305 | 460 | 792 | 1050 | 450 |

### MATERIALS LIST

| PART          | MATERIAL                       |
|---------------|--------------------------------|
| Body          | Cast Iron with brass seat ring |
| Bonnet        | Cast Iron BS250                |
| Gate          | Cast Iron with brass seat ring |
| Stem nut      | Brass                          |
| Spindle       | Stainless Steel                |
| Bonnet gasket | Graphite or Rubber             |
| Gland packing | Graphite                       |
